Ensuring that students of all identities thrive in school is a moral, civic and economic imperative in our diverse school district. And yet, we know many communities are not well served by the education system today. Please join us at a forum to explore candidates' views on leading the school district to achieve equity and excellence for all students. All four candidates for the two at-large seats on the Minneapolis Public Schools' Board of Directors have been invited.

Public reception immediately following the forum until 8:30 pm.

Parking on street or in ramp at 715 East 24th St. (parking reimbursement available). **Spanish translation and child care available.**
